**Important Official Attendance Roster Information:**

**Attendance is defined by physical attendance or participation in an academically related activity such as submission of an assignment, examination, or participation in a group or online discussion. Instructors may use key assignment points of such projects, papers, discussions, etc. as benchmarks for participation.**

The Office of the Provost has indicated that all students who have never attended nor participated must be marked according to the following guidelines:

- If the student attended class OR has routinely logged in and participated (web-based courses), no action relative to that specific student is necessary.
- If the student has not been attending class OR has not logged in and participated (web-based course), click the “Never Attended” box next to the student’s name.

Remember, by clicking the “Never Attended” box, you are indicating that you have not had any contact with this student during this class. A check in the “Never Attended” box does not mean the student is present.

If a student has been attending and their name does NOT appear on your official roster, please instruct the student to go to the Registrar’s Office to reconcile their registration.

Instructors of record must make Official Attendance Roster submissions for each class they are teaching. **The roster submission deadline is 5:00 p.m. on the 18th class day for first-half and full semester courses, and the 12th class day for second-half semester courses.** The Registrar’s Office emails notification of the deadline date.

**By submitting the online Official Attendance Roster information, you are confirming official documents. Please make sure the information you are providing is correct.**
