

Chief Executive Officer 2021-2022 Annual Report

TO: Board of Regents
FROM: Dr. Scott Gordon, Chief Executive Officer
DATE: April 1, 2022
RE: Chief Executive Officer Reporting Requirements under Tex. Educ. Code § 51.253(c)

Under the Texas Education Code (TEC), Section 51.253(c), the institution's Chief Executive Officer is required to submit a report at least once during each fall or spring semester to the institution's governing body and post on the institution's internet website said report concerning the reports received by employees under the TEC, Section 51.252. This report must include the number of reports received of alleged "sexual harassment," "sexual assault," "dating violence," or "stalking" as defined in the TEC, Section 51.251, the number of investigations conducted as a result of those reports, the number of reports for which the institution determined not to initiate disciplinary process, and any disciplinary actions taken under TEC, Section 51.255.

For the purposes of complying with the Chief Executive Officer's reporting requirements under TEC, Section 51.253(c), the attached summary data report¹ includes all of the required reporting information to the Board of Regents for the time period of April 1, 2021 through March 31, 2022. The summary data report is categorized based on the reporting requirements under TEC, Section 51.253(c). The reports received may be applicable in multiple reporting categories, and therefore, the summary data in the categories may not add up to the totals of other categories.

The summary data report is also posted on the institution's website as per the public reporting requirements under TEC, Section 51.253(c) at sfasu.edu/lumberjacks-care/317.asp.

Note: Any additional reports received by the Title IX Coordinator that do not meet the required reporting criteria in the Texas Education Code have been omitted for the compliance purposes of this specific report.

¹ When clearly identifiable, duplicate reports were consolidated and counted as one report in the summary data, and confidential employee reporting is noted as a sub-set to the total number of reports received.
