SECTION 1 INTRODUCTION

1.1 SCOPE OF PROPOSAL

Stephen F. Austin State University, hereafter referred to as “SFA” or “the University”, is seeking proposals from licensed commercial pest control service to provide pest control services for all buildings and sites on the main campus and any required off-site locations of SFA and at a minimum in accordance with Section 2, Statement of Work herein. The University anticipates selecting only one vendor with whom to negotiate a final contract. SFA reserves the right to obtain services of equal type and kind from other sources during the term of the resulting Agreement without invalidating in whole or part the resulting Agreement or any rights or remedies SFA may have hereunder.

The Services are more specifically described in Section 2 (“Statement of Work”) of this RFP.

1.2 AGREEMENT TERM

This agreement will begin after award as mutually agreed and upon executed agreement. The effective date of the agreement shall be upon last signature date. The planned start date is January 2019 with an ending date of December 31, 2019. Thereafter, the term of this Agreement may be extended for four (4) additional one-year periods at the option of SFA. Contracted rates will be negotiated annually to be effective January 1 of each year.

1.3 SFA INFORMATION

SFA is an institution of higher education operated as an agency of the State of Texas. SFA employs approximately 1,600 full and part-time faculty and staff members. SFA had an enrollment of 12,614 full and part-time students during the fall 2017 semester. Most staff positions are based on a 12-month appointment coinciding with the fiscal year (9/1-8/31). Contracts are executed only for faculty members, and limited other appointments. A nine-member Board of Regents is appointed by the governor of Texas, with each regent serving staggered six-year terms.

1.4 RESPONDENT QUALIFICATIONS

The University will give preference to those qualified vendors who meet the following qualifications:

- Respondent must have at least five (5) years minimum experience in providing pest control services.
- Respondent must have all required permits mandated by the State of Texas and shall hold a Texas State Pest Control Applicator License and Master Fumigator License, if applicable, from the Texas Agriculture Department and including but

not limited to other licensures as needed for performance of pest control services for the University.

- Respondents must possess sufficient resources, and be able to furnish the University with evidence of their ability to perform and provide the service needs of SFA.

Due to the nature of the proposals, the parties understand the information exchanged in the negotiation process is confidential to the fullest extent permitted by law, and neither party will disclose such information to anyone other than representatives of the negotiating parties except as required by Texas law. Final awards and agreements, after all negotiations are completed, may be subject to open. Additionally, state law requires each contract for the purchase of goods or services to be posted on the University's website. By entering into a contract with the University, the firm acknowledges and accepts the University will comply with all applicable laws regarding the public posting of contracts.

1.7 HISTORICALLY UNDERUTILIZED BUSINESSES (HUB)

**SEE EXHIBIT F – HUB SUBCONTRACTING PLAN
READ CAREFULLY**

Each respondent is required to make a good faith effort to subcontract with historically underutilized businesses and shall submit a HUB Subcontracting Plan using the HUB Subcontracting Plan documents provided in **Exhibit F**.

Stephen F. Austin State University is committed to making a good faith effort to increase business with historically underutilized businesses (HUBs) by contracting with HUBs either directly or indirectly through subcontracting opportunities. Respondents are encouraged to actively subcontract or collaborate with HUBs in an effort to create an environment that actively acknowledges and values diversity.

The university has determined that subcontracting opportunities are probable under this contract.

The university's HUB goal for this procurement is:
26.0% for Other Services

Each HUB subcontracting plan is evaluated independently of the response. If the HSP does not reflect a good faith effort to subcontract with HUBs, the entire response is disqualified.

All questions regarding the HUB Subcontracting Plan may be directed to the Director of Procurement and Property Services/HUB Coordinator, Kay Johnson, 936-468-4037, johnsondk6@sfasu.edu.

Failure to submit the HUB Subcontracting Plan will disqualify the bid from consideration.

Specifically, the Regulations apply to all students, employees, visitors, and other third parties on Stephen F. Austin State University-controlled property, including institutions and entities with whom Stephen F. Austin State University places its students. Further, such Regulations prohibit unequal treatment on the basis of sex as well as sexual harassment and sexual misconduct. As a condition of employment, enrollment, doing business, or being permitted on the campus, the above-mentioned individuals, organizations, and entities must agree to: 1) Report immediately to the Title IX coordinator any and all claims of sex discrimination or sexual misconduct; 2) Cooperate with Stephen F. Austin State University's Title IX investigation; and, 3) Cooperate fully with all

sanctions that Stephen F. Austin State University may impose against such individual, organization, or entity, who is found to have violated the Regulations. If the individual, organization, or entity fails to adhere to any of the aforementioned requirements, Stephen F. Austin State University reserves the right to take appropriate action, including but not necessarily limited to, immediate removal from campus; discipline of employees and students (including termination of employment and/or expulsion from school); and termination of business or contractual relationships.

1.9 PARKING ON CAMPUS

All vehicles parked on the University campus must properly display a valid parking permit and comply with all University parking rules. The Parking and Traffic Office supervises and coordinates all parking transportation and traffic related functions on the campus. Permits expire each August 31.

Contractor shall be responsible for obtaining parking permits from the Parking and Traffic Office and for resolving, should they arise, any parking regulation disputes and violations. The Parking and Traffic Office telephone number is 936-468-7275

1.10 U.S. DEPARTMENT OF HOMELAND SECURITY'S E-VERIFY SYSTEM

1. All persons employed to perform duties within Texas, during the term of the Contract; and
2. All persons (including subcontractors) assigned by the Contractor to perform work pursuant to the Contract, within the United States of America.

The Contractor shall provide, upon request of SFA, an electronic or hardcopy screenshot of the confirmation or tentative non-confirmation screen containing the E-Verify case verification number for attachment to the Form I-9 for the three most recent hires that match the criteria above, by the Contractor, and Contractor's subcontractors, as proof that this provision is being followed.

If this certification is falsely made, the Contract may be immediately terminated, at the discretion of SFA and at no fault to SFA, with no prior notification. The Contractor shall also be responsible for the costs of any re-solicitation that SFA must undertake to replace the terminated Contract.

1.11 ISRAEL NON-BOYCOTT VERIFICATION

Contractor shall take appropriate safeguards to protect the data and limit access to such to only those representatives of Contractor that must have access for the purposes of this Agreement.

Nacogdoches, TX 75962

All U.S. Mail addressed to any component of SFA is delivered to a central mailroom and redistributed by SFA personnel to the addressee's on-campus post

office box. Consequently, there is a possibility of delay between receipt of mail at the central mailroom and receipt in the Procurement and Property Services Department. Proposals must be in the office of the Procurement and Property Services Department by the time set for RFP closing in order to be considered, and receipt by SFA at the central mailroom will not be deemed sufficient. The University shall not be responsible for responses received after the due date and time. Late responses will not be considered under any circumstances. Properly identified late responses will be returned to the Respondent unopened.

Proposals will be publicly opened Wednesday, December 19, 2018 at 8:00 am in the office of the Director of Procurement, 2124 Wilson Drive. Only the names of the Respondents will be read aloud.

Proposals received after the time for closing will be returned to Respondent unopened regardless of the circumstance. It is the responsibility of the Respondent to get the proposals delivered in a timely manner, regardless of delivery method or circumstances.

Faxed or electronically mailed proposals will **not** be accepted.

Proposals may be withdrawn at any time prior to the time and date set for proposal closing.

Stephen F. Austin State University reserves the right to accept or reject any or all proposals and to waive irregularities or technicalities provided such waiver does not substantially change the offer or provide a competitive advantage to any Respondent in the judgment of Stephen F. Austin State University.

3.3 SUBMITTAL INSTRUCTIONS

All proposals must be submitted in the format prescribed in Section 3.6.

Each Respondent must submit at least one (1) original printed proposal with original signatures on the Execution of Offer.

The printed copy shall (1) be unbound; (2) contain divider sheets or tabs; (3) be printed on 8-1/2 in. x 11 in. white paper to enable copying, if needed; and (4) be a complete copy of all information submitted with Respondent's Proposal. All proposals must be complete and convey all of the information requested to be considered responsive. If the proposal fails to conform to the essential requirements of the RFP, SFA alone will determine whether the variance is significant enough to consider the proposal susceptible to being made acceptable and therefore a candidate for further consideration, or not susceptible to being made acceptable and therefore not considered for award.

Each Respondent, by submitting a proposal, represents that the Respondent has read and completely understands the request for proposal documents and agrees to abide by the terms of this RFP and any resulting agreement. Failure of the selected contractor to fulfill the provisions of this request for proposal shall in no way relieve the obligation of the Contractor to furnish all services necessary to carry out the provisions of the agreement.

A legally authorized representative of the Respondent shall sign proposals. Unsigned proposals (**Exhibit A**) will be rejected as a material failure..

3.4 ACCEPTANCE AND FORMATION OF AGREEMENT

No recommendation for award will be made until Stephen F. Austin State University is fully satisfied that the Respondent is professionally competent and properly equipped to render the specified service.

The University reserves the right to negotiate further with any respondent that submits a proposal, once proposals have been opened. SFA may award a contract(s) based on initial proposals received without any discussion of such proposals. Therefore, each proposal should be submitted on the most favorable and complete price and terms possible.

SFA reserves the right to enter into an agreement not based only on the cost to the University, but which, in the sole opinion of SFA, is deemed to represent the best value to SFA. The University shall be the sole judge of determining which proposal represents the best value to the University.

By submitting a response, the Respondent agrees to accept an agreement including the scope of work and specifications herein and attached to this Request For Proposal.

3.5 EVALUATION CRITERIA

3.5.1 Award will be based on a comprehensive review and analysis based on a weighted value of averaged evaluation scores and negotiation of the proposal that best meets the needs of the university. Submission of a proposal represents concurrence with this method of evaluation and award. Furthermore, Respondents will not, under any circumstances, dispute any award made using this method.

3.5.2 Evaluation of the proposals will be performed by an evaluation committee representing Stephen F. Austin State University. Proposals will be evaluated using the following criteria, which are listed below in Section 3.5.4. Stephen F. Austin State University reserves the right to award an agreement not based only on the cost to the University, but on the criteria that best meet the university's requirements and goals. ***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

If you responded "No" to SECTION 2, Item a, in the space provided below **explain how** your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you **MUST** comply with items **a, b, c and d**, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/HUBSubcontractingOpportunityNotificationForm.pdf>.

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be “day zero” and does not count as one of the seven (7) working days.

- a.** Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas’ Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at <http://mycpa.cpa.state.tx.us/tpasscmbsearch/index.jsp>. HUB status code “A” signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company’s Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program’s webpage at <https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php>.

EASY HUB LOOKUP on the CMBL

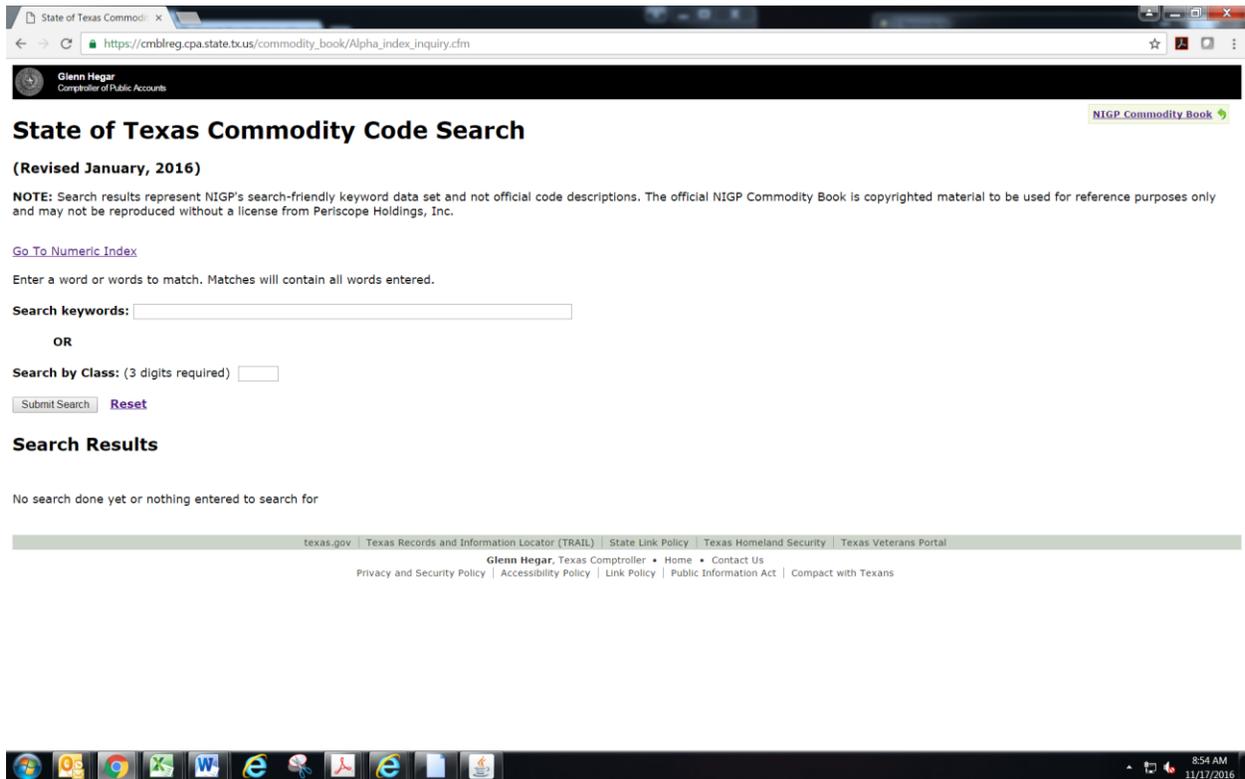

In accordance with Texas Administrative Code 20.14, the following HUB lookup procedures have been developed utilizing the Comptroller of Public Accounts website to identify possible HUB Vendors for subcontracting opportunities.

To that end the following easy step by step instructions to identify NIGP codes and search for potential HUB subcontractors is provided by Stephen F. Austin State University. In addition, the University may have already completed searches that may be beneficial and include a list of potential HUB subcontractors that may be used by the Respondent. If you have a hard time reading the webpages cited, increase the page view to 200% or better.

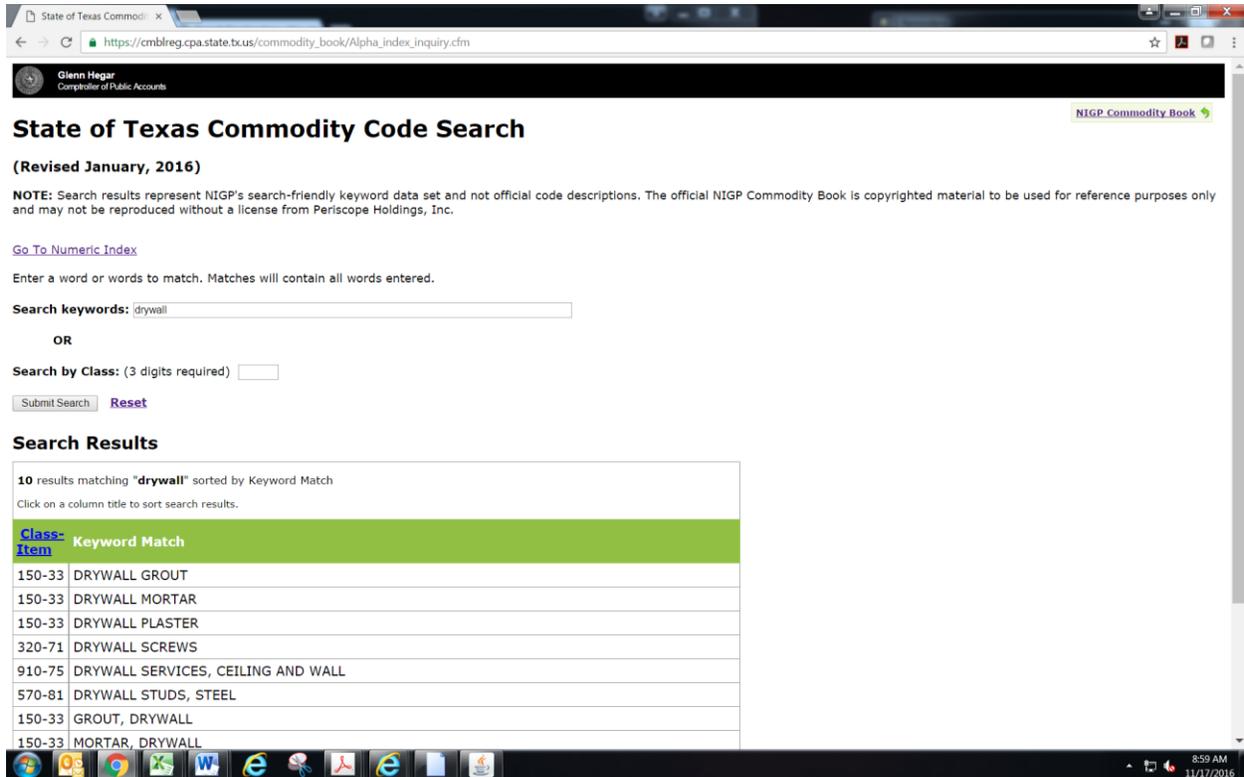

For assistance with this instruction or further assistance in identifying potential HUB subcontractors, please contact Manny Guerrero, Vendor Relations Manager at 936-468-4529.

STEP 1: After identifying what areas that are going to be subcontracted for the project go to the following web address at Comptroller of Public Accounts:

https://cmlreg.cpa.state.tx.us/commodity_book/Alpha_index_inquiry.cfm

At this point type in the item you are looking for in Search keywords: (for this example we are looking for drywall services). Press Submit Search and the results will appear. See example below:

The page will list Keyword Match for drywall. In this example the Class-Item for Drywall Services, Ceiling and Wall is 910-75. Remember to write down the Class and Item numbers. You will do the same for other items that you will be subcontracting on the project. Once you have completed collecting all Class and Item numbers for sub-contracting opportunities you can precede to Step 2

STEP 2: With the Class and Item numbers you can search for HUB Vendors on the Centralized Master Bidders List – HUB Directory Search. Go to the following web address at Texas Comptroller of Public Accounts:

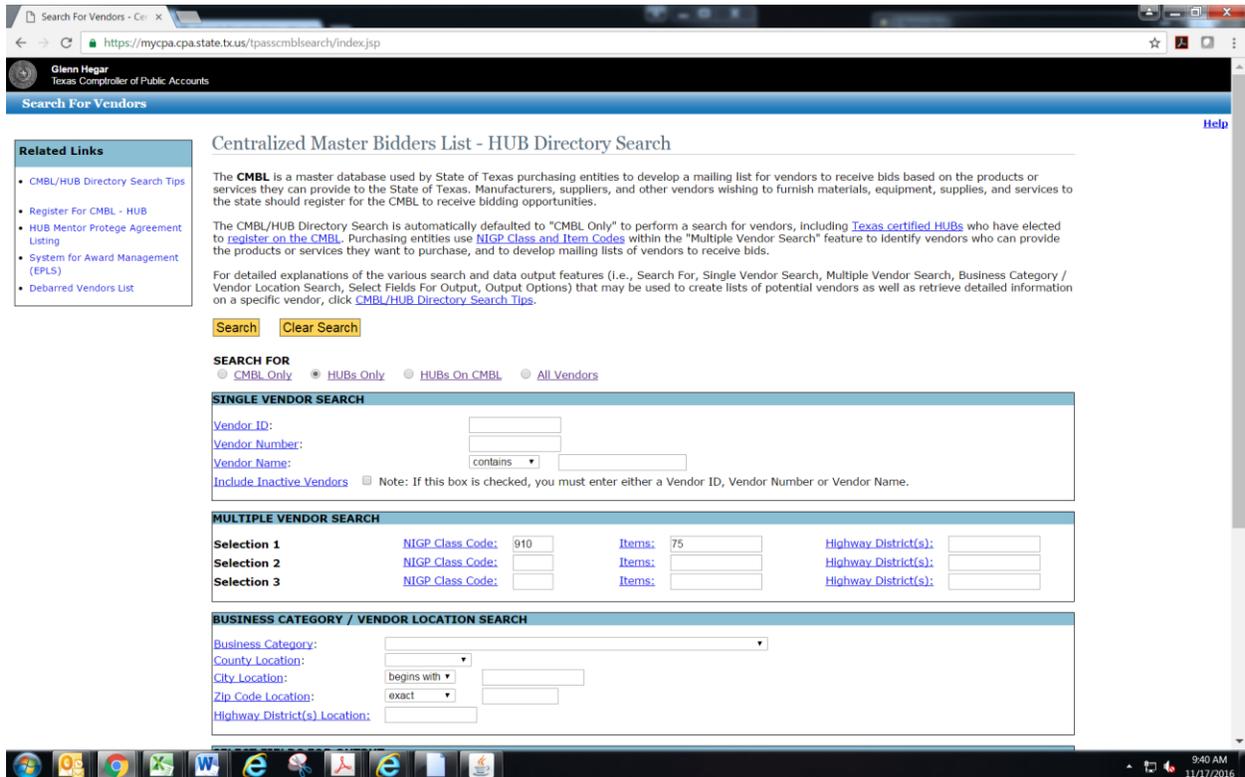

<https://mycpa.cpa.state.tx.us/tpasscmlbsearch/index.jsp>

Under **SEARCH FOR** mark HUBs Only (you are looking for HUB vendors)

The EXAMPLE below is how the form should be filled out. Search for HUBs on CMBL; Selection 1: Class-Item; Select Fields For Output (Vendor ID, Company Name, Contact Person, City, Email, Phone, Business Description, HUB Eligibility, HUB Gender)

In the example below we are searching for NIGP Class Code 910, Items 75 (Drywall Services).

Once all the information needed has been marked. Click : **SEARCH**.

Once the search is completed, a page like the one below will appear listing all the HUB companies that are Class 910 and Item 75.

The search found 222 vendors where are HUB's.

At this point you should look at the Business Description to confirm that the company does indeed provide drywall services. Note that the first company listed 1DZ ENTERPRISE, L.L.C. does not list drywall services, instead the company business description list Janitorial Service – if at all possible you should not use this company in your Good Faith Efforts as there are other companies that list dry wall in their business description.

3 B'S CONTSTRUCTION does list drywall and is a good candidate for sending a request to bid the project.

YOU ARE REQUIRED TO SELECT THREE (3) HUB VENDORS TO CONTACT.

When looking for HUB Vendors to support you at SFA look for these vendors that are close to Nacogdoches and East Texas. If none can be found in our area, expand your search to the Dallas/Fort Worth area, Austin and Houston market areas.

NOTES:

- 1) SELECTING HUBS THAT ARE FROM EL PASO, AND FAR WEST TEXAS DOES NOT SHOW GOOD FAITH IN YOUR SELECTION PROCESS.
- 2) IF YOU DO NOT UNDERSTAND THESE DIRECTIONS OR NEED ASSITANCE PLEASE CONTACT THE SFA PROCUREMENT OFFICE FOR HELP.

Search found 222 vendors, 222 are HUB's, Includes 0 Inactive Vendors.
Search Condition : SearchType=HUB's Only,Section1 Class Code=910,Section1 Item(s)=(75)
