

Hello,

Stephen F. Austin State University is seeking informal quotes for the following building located on campus on East College Street Nacogdoches, Texas 75962.

**East College Cafeteria**

Target pests are rats and roaches with flying insects being treated only as needed.

Treatment methods are: Crack and crevice treatment and bait stations.

Areas of treatment are as follows:

Kitchen area – interior  
Storage area – interior  
Hallways - interior  
Dining area – interior  
Bathrooms/Locker room – interior  
Front door – introduction point  
Rear door – introduction point  
Fire door – introduction point  
Exterior areas

Frequency of treatment is monthly with extra treatment being only as needed.

Additionally we need to receive a report of the treatment and findings/recommendations related to problem areas and sanitation that need to be addressed by Stephen F. Austin State University.

**Approximate square footage of building is: 42,480 square feet.**

**Please return quote to me by Thursday, February 11, 2021 at 10:00 am.** Stephen F. Austin State University reserves the right to renew this service for two (2) optional renewal periods after initial term. Please provide an escalation rate if any for each one year renewal period. \_\_\_\_\_%

**Please be prepared to provide copies of all required permits.**

(Contractor shall have all required permits mandated by the State of Texas, TCEQ, EPA, NFPA, ANSI, US Public Health Services, and/or the Texas Department of Agriculture)
