

Standardized Tests 1.10

Original Implementation: September 6, 1993

Last Revision: May 2019

Students, applicable to all programs, will take standardized tests throughout the curriculum.

PROCEDURE

1. The achievement tests will be given throughout the curriculum and faculty will review results and compare the results to national means for similar programs.
2. Results not meeting the national mean will be addressed in an action plan.
3. These standardized tests will be a percentage of the student's overall test average in each course.
