

Academic Advising Policy 1.2

Original Implementation: December 2004

Last Revision: May 2019

PRE-NURSING STUDENTS

All declared nursing majors will be advised through the DeWitt School of Nursing (SON) unless they are on probation. Those on probation will be advised through the College of Sciences and Mathematics. The advising will be coordinated by the SON Academic Advisor.

Although each student is responsible to ensure that the courses selected will meet degree requirements, the SON will help students choose courses with special attention to prerequisites, petitions, and advancing sequences.

BSN STUDENTS

All declared generic undergraduate BSN nursing majors will be advised by the SON academic advisor.

RN-BSN STUDENTS

All undergraduate RN-BSN nursing majors will be advised through the SON by the RN-BSN Coordinator.

MSN STUDENTS

All graduate MSN nursing majors will be advised through the SON by the MSN Coordinator.
