

Telephone- Long Distance Policy 2.13

Original Implementation: October 2004

Last Revision: May 2019

University telecommunications services will be used by faculty for official School of Nursing (SON) business.

An individual long distance access code is assigned to faculty members by the University. This code is used for long distance calls to conduct SON business.

All long distance calls using the access code are charged to the SON account. The Director is responsible for requesting individual access codes for new faculty members.
