

Check Your TSI Status

How to view your TSI status:

1. Log on to your MySFA account.
2. Click on Advising under the SFA logo.
3. Click on View TSI Status under the College Readiness sections.

How to interpret your status:

- Complete or Exempt means that you have submitted testing scores such as ACT, SAT, STAAR and TSI, or you have submitted college credits that meet college readiness for TSI.
- Incomplete or Not Complete means that you have submitted TSI scores; however, you will need to enroll in TSI foundational or support coursework.
- No Status means that you have not yet submitted qualifying exempting scores and you need to take the TSI test.

You also need to review testing scores that SFA has on file for you. If any scores are missing, you need to submit your information to tsi@sfasu.edu as soon as possible.
